

TRADITIONAL: CAPE COD LANDSCAPE DESIGN

Anthenian Blue

Lemon Grass

Harbor Gray

Chalk White

Remember your childhood, and the fluttering white curtains in the bedroom window on midsummer's evening. The chirping bird atop the windowbox was not only there for your enjoyment, but was welcoming Mary Poppins in on the breeze. The cape cod home is characteristic of charming memories and an occasionally prude but mesmerizing nanny. For more garden design ideas, visit: www.landscapingnetwork.com/garden-styles
